Registration Information

The high school transition courses are non-credit courses. There are no textbooks. However, students taking Introduction to High School English will read and discuss *Last to Leave Home*, a novel from the PVI English Summer Reading List for all freshmen. Please bring a copy of it to class. Please note: the summer reading assignment is to be completed independently and not during this class. Since students learn when present, regular attendance is expected. The teacher will call home if a student misses more than two classes.

When two sessions of a course are scheduled, they are identical in content. **Space is limited.**

Please complete this registration form and return it to PVI along with payment by June 1, 2009. Registrations will be accepted after this date if class size allows. Make checks payable to Paul VI Catholic High School.
